

ROAD SCHOLAR TRANSPORT

PENTAGON

Our Brokerage Service (PENTAGON) services all of Canada, North America and Mexico.

PHARMACEUTICAL TRANSPORT

Road Scholar Transport has been vetted and approved by key players in the pharmaceutical industry. Always **MILES**ahead.

- Our pharmaceutical transport protocols are built around years of experience and guidance from industry documents.
- We adhere to the direction provided by the Departments of Transportation and Homeland Security on effective controls and procedures to guard against theft of controlled substances.
- We also follow the guidance on cold chain storage and transport of pharmaceuticals provided in the PDA Technical Report 39 published by the Parenteral Drug Association.
- To ensure compliance with this guidance, we provide state-of-the-art reefer technology that includes 24/7 remote temperature monitoring as well as electronic door seals that geo-fence and timestamp all door opening and/or closing events.
- All Road Scholar Transport reefers are equipped with Orbcomm's leading-edge trailer tracking devices that include the ability to measure and alert on temperature excursions and change temperature set points remotely.
- Road Scholar Transport maintains the complete temperature records set of all shipments from pickup to delivery for a period exceeding 12 months.
- Secure access to live tracking of the trailer transporting your product is provided upon request.
- 7 strategic terminal and relay locations
- Air freight services are also available.
